ABOUT US

Every great journey begins with a vision—and for Sunflower Trip Private Limited, that vision was to go beyond the ordinary and redefine what travel means for modern explorers. Officially registered under this name, we proudly operate and are widely recognized under our brand name, Sunflower Trip. Whether you know us formally or fondly, both names stand for the same promise: inspiring, immersive, and unforgettable journeys.

Our story began on 4th August, 2019, in the cultural heart of Burdwan, West Bengal, with just three passionate team members and a dream to take people not just to destinations, but to experiences. Founded by Mr. Banti Haque and led by Director Mr. Biswajit Das, the company was incorporated in 2021 under the Ministry of Corporate Affairs (MCA), marking the official birth of a brand that was already beginning to shine.

From the very beginning, Sunflower Trip was driven by the belief that travel should be both deeply personal and universally inspiring. Our name, logo, and approach reflect this beautifully. The ten sunflower petals in our logo represent the ten directions—North, South, East, West, Northeast, Northwest, Southeast, Southwest, Up, and Down—signifying that no destination is beyond reach. The magnifying glass in the center contains a location pin, reminding every traveler that their perfect destination is always within sight. Even the handle of the magnifying glass, shaped like a sunflower stem, roots our journey in purpose and direction.

In 2022, we took a major leap by relocating our headquarters to Kolkata, expanding our team and introducing a new wave of travel services, especially international packages. With innovation and care at the forefront, we began curating unique travel experiences for every kind of traveler—families, friends, couples, corporates, and solo adventurers.

The turning point came after Durga Puja in 2023, when Sunflower Trip launched a comprehensive range of international services—from group departures and customized itineraries to visa and passport assistance. This move positioned us not only as a travel planner but as a complete travel solutions provider.

Today, in 2024, Sunflower Trip Private Limited has emerged as one of the most trusted and leading travel companies in India, known for our exceptional service, transparent pricing, dedicated support, and, most importantly, for helping people discover the joy of travel in its truest form.

But more than anything, we're a team of explorers, planners, and storytellers. We follow the sun—just like the sunflower—and help you discover the magic that lies in every corner of the world.

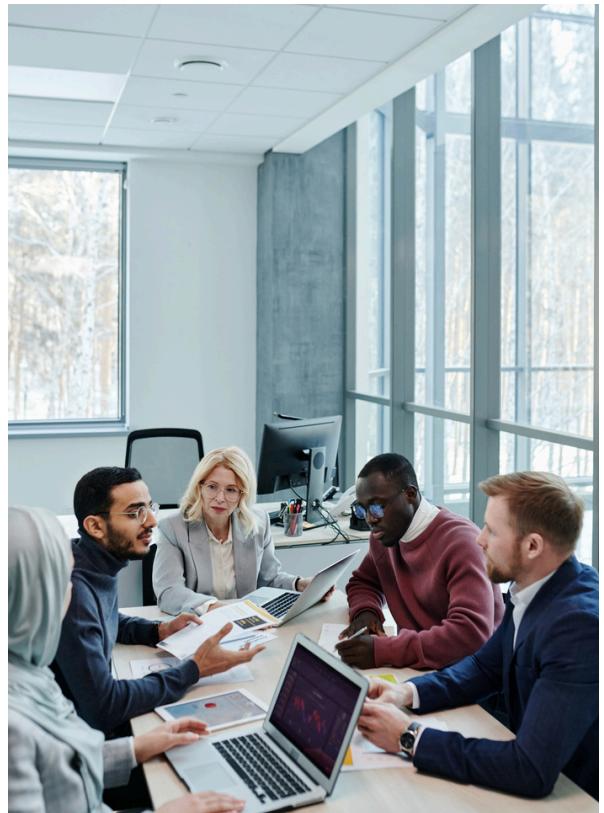

So, wherever you dream of going, Sunflower Trip is here to take you there—

Beyond The Boundaries.

Today, in 2024, Sunflower Trip stands tall as one of the leading travel companies in the tourism industry, not just in Bengal but across India. From backpackers and honeymooners to families, corporate teams, and luxury seekers—we proudly serve every kind of traveler, taking them to destinations both near and far, with love and precision.

But no matter how far we've come, we've never lost sight of our roots. We still carry the same spirit we started with: a sunflower that follows the sun, ever-curious, ever-committed, and always blooming with fresh ideas and sunny service.

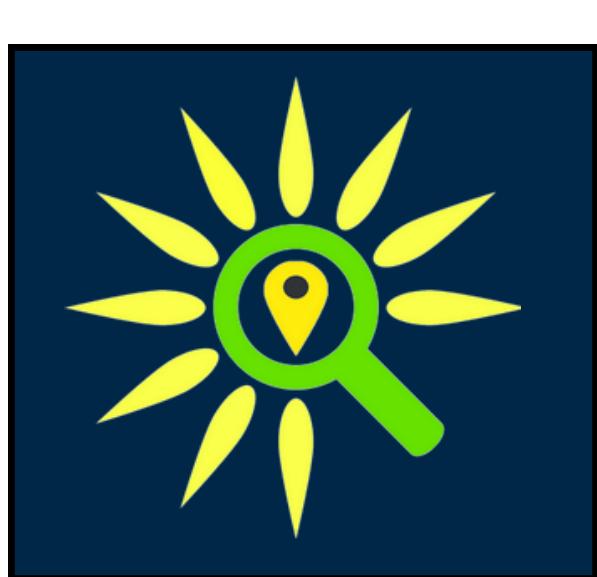

Because at Sunflower Trip, we don't just organize tours—we orchestrate stories, craft memories, and guide dreams.

ABOUT THE LOGO

Logo Interpretation – Sunflower Trip Private Limited

Tagline: "Beyond the Boundaries"

Ten Petals – The Ten Directions of Discovery
The logo features ten radiant sunflower petals, symbolizing not just beauty, but purpose. Each petal represents a direction of travel—North, South, East, West, Northeast, Northwest, Southeast, Southwest, Up, and Down—reminding us that no direction is beyond reach. Wherever your travel dreams take you—across lands, skies, or seas—Sunflower Trip is there to guide you.

Magnifying Glass – Precision in Travel Planning

At the center of the sunflower is a magnifying glass, representing our commitment to detail, research, and personalized service. Inside it sits a map location pin, symbolizing your dream destination—carefully selected and crafted through thoughtful planning. It signifies that with Sunflower Trip, your journey doesn't start with chance—it starts with focus and purpose.

Sunflower Stem – The Handle of Exploration

The handle of the magnifying glass is not just a design element; it's a stylized stem of the sunflower, symbolizing growth, strength, and a grounded connection to nature. It tells the story of a company that grows with its travelers, deeply rooted in values of trust, care, and sustainability.

The Only Flower that Follows the Sun

The sunflower is the only flower in the world that follows the sun throughout the day, turning its face toward the light from dawn to dusk. This natural phenomenon perfectly reflects our brand philosophy:

“We follow the light of your travel dreams—no matter where they lead.”

Just like a sunflower moves in search of the sun, Sunflower Trip moves in search of your perfect destination, aligning our services with your aspirations.

SUNFLOWER TRIP

Conclusion: A Logo with a Journey Inside

More than just a logo, this design captures the essence of boundless exploration. It tells a story of a flower that travels with the sun, guided by all ten directions, using focus and care to find the perfect place for every traveler.

At Sunflower Trip, we believe:

“Search in all directions of the sun, and you’ll find your perfect destination.”

Let your journey bloom—beyond the boundaries.
Only with Sunflower Trip.
